COVID-19 UPDATE - Temporary suspension of Canadian North's Ilak Beneficiary Fares Program on our Montréal-Kuujjuaq route

Effective immediately (October 16, 2020), Canadian North will suspend our Ilak Beneficiary fare program on our Montréal – Kuujjuaq route (northbound Flight 164 and southbound Flight 165). All existing Ilak reservations on this route will continue to be honoured and requests for compassionate exceptions will be considered.

This action is being taken in partnership with our sister airline Air Inuit, to protect Nunavimmiut by discouraging non-essential travel on this gateway route. Montréal has been designated as a COVID-19 'Red Zone' due to a significant increase in cases and there have also been multiple new cases reported within Nunavik during recent weeks.

We expect that this is a temporary measure and look forward to resuming Ilak bookings when conditions improve. In the meantime, we appreciate the patience and understanding of our customers. We will continue to support all efforts to prevent the spread of COVID-19.

If you have questions about your existing travel reservation, please contact us at 1-800-267-1247 or contact@canadiannorth.com.

To learn more about the COVID-19 precautions Canadian North has implemented in partnership with public health agencies to safeguard the communities we serve, please visit www.canadiannorth.com/coronavirus.

Nakurmiik, thank you and please stay well.
