

NUNAVUT TRAVEL CHECKLIST

If you are travelling to and from Nunavut, you must do these 4 things before your trip.

This information is subject to change without notice. Please check with the [Government of Nunavut](#) and the [Government of Canada](#) for the most current information.

1

Check for updated information from the Government of Nunavut

- [Visit the Government of Nunavut website](#) and confirm you are eligible to travel.
- The Government of Nunavut requires all travellers (with the exception of critical workers) to quarantine for 14 days prior to entering the Territory. [Download an Isolation Reservation Request form](#) and email to NUisolationreservations@Nunavutcare.ca

2

Obtain a Travel Authorization Letter

- All travellers entering into Nunavut must have a Letter of Authorization from the Chief Public Health Officer of Nunavut.
- To receive this letter, email a completed [Traveller's Declaration Form](#) to CPHOTravelRequests@gov.nu.ca within 7 days of your departure.

3

Bring a mandatory non-medical mask or face-covering

- The Government of Canada requires all travellers to confirm that they have a mandatory non-medical face mask in their possession during check-in - [more information here](#).
- Please note that as shown in the above link, face coverings with an exhalation valve or vent, non-medical masks/face coverings made with mesh or lace fabric, neck gaiters, bandanas and face shields will not be accepted as they don't protect others from COVID-19 and don't limit the spread of the virus.
- Travellers who do not have a suitable face covering in their possession will not be allowed to fly.

4

Know what to expect

- Visit our [CN Care page](#) to learn about the many safeguards we have implemented and what you can expect during your flight.
